Joint Discussion Session with Composites Technology Research Malaysia Sdn Bhd for Curriculum Review

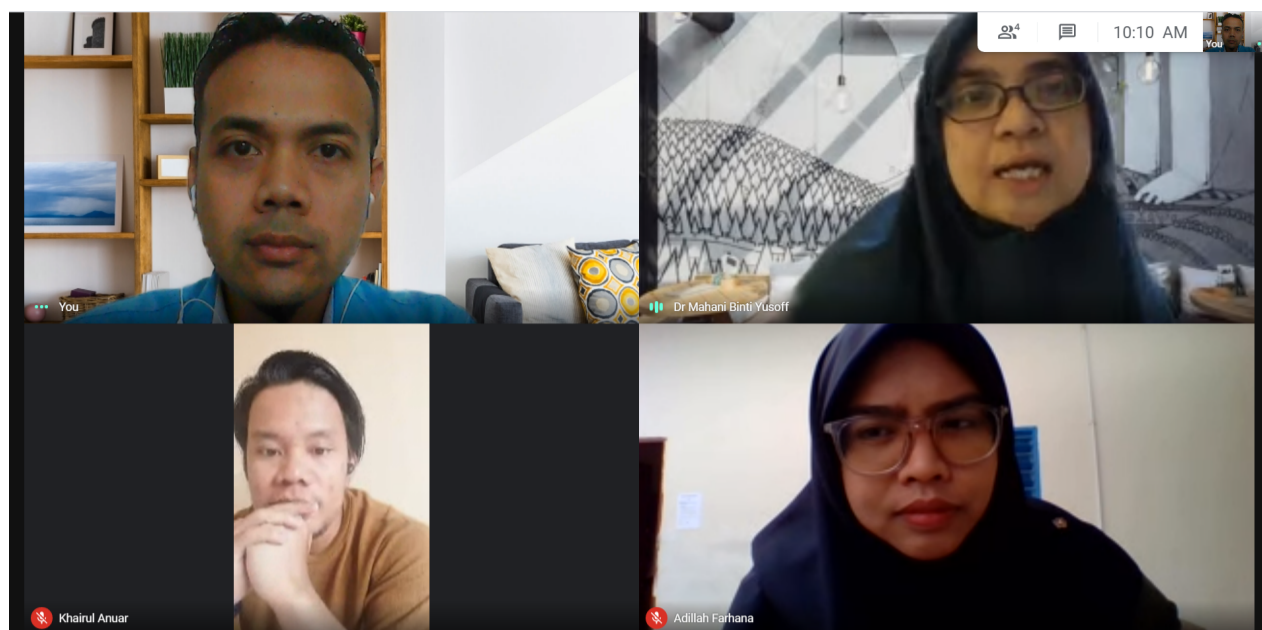

📅 13-Dec-2020

Bachelor of Applied Science (Materials Technology) with Honors (SEB), Faculty of Bioengineering and Technology (FBKT) is implementing curriculum review for continuous quality improvement for SEB academic programs. Continuous Quality Improvement (CQI) is a quality assurance process to ensure that the academic programs remain relevant, dynamic and competitive.

A joint session with Composites Technology Research Malaysia Sdn Bhd for Curriculum Review was held on 4 December 2020 starting at 9.00 am involving the Deputy Dean of Academic FBKT, Assoc Prof. Dr. Mahani Binti Yusoff and Head of Department of Basic Science, Technology and Engineering, FBKT, ChM Ts Dr Nor Hakim Bin Abdullah. The representative from Composites Technology Research Malaysia Sdn Bhd is En. Khairul Anuar Bin Abu Bakar, who is a Process Engineer (Paintshop) and Ms Nurul Adillah Farhana Binti Ab Malek who is an Internal Auditor where both are SEB alumni.

The discussion session took place in good condition. There were useful inputs related to the study program, suggestions for improvement and potential cooperation between SEB and CTRM to be implemented.

Dr Nor Hakim Abdullah
