*Chinese Character Practice (Level 2)* was developed in response to the Mandarin level two textbook in Universiti Malaysia Kelantan. This book was designed to be used by level two students in their Chinese character writing practice and exercise.

This book begins with the two introductory lessons and eight chapters of Chinese character writing practices and exercises. The contents of two introductory lessons are six categories of Chinese characters and radicals. The eight chapters of Chinese character writing practices and exercises consist of two parts in each chapter, which are included the writing practices and exercises.

*Chinese Character Practice (Level 2)* is kept simple in Chinese character writing and it is a joint effort of Mandarin lecturers and instructors from various campuses in Universiti Malaysia Kelantan. We hope that both teachers and students will find this book useful and enjoy using it.
